

First “Robert K. Mortimer Memorial Workshop” on:
“*In Vino Veritas: from yeast ecological genomics to systems biology*”

July 8th,
Aula Magna Facoltà di Medicina e Chirurgia
Viale Morgagni 85, Careggi, Firenze

Program

- 9.00 a.m.- Opening and welcome from the academic authorities
- 9.10 a.m. - *Stefano Fusi*, Provincia di Firenze
L'intervento pubblico a sostegno di ricerca, produzioni tradizionali e territorio, l'esperienza del comune di Tavarnelle 15 anni dopo
- 9.30 a.m. - *Duccio Cavalieri and Mario Polsinelli*
Yeast & Grapes: Robert K. Mortimer the father of yeast genetics sets the stage for the ecological genomics of wine yeasts
- 10.00 a.m. - *Jean Luc Legras*, INRA Montpellier, UMR Sciences pour l'œnologie
Bread, beer and wine: *Saccharomyces cerevisiae* diversity reflects human history
- 10.40 a.m. - *Andrew Murray*, Department of Molecular and Cellular Biology, Director of the Institute for Systems Biology, Harvard University
Why Yeast and Systems Biology
- 11.30 a.m. - *Mike Eisen*, UC-Berkeley
Evolution of Gene Expression and Gene Regulation
- 12.30 a.m. - General discussion

Chianti Style Brunch

organized by
prof. *Duccio Cavalieri*
